📄 SUMMARY

I'm Istiaq Ahammad, a passionate JavaScript developer with expertise in Next.js, frontend development, and Jamstack (Hugo, Astro). I love creating dynamic and responsive web applications that provide exceptional user experiences. With a strong foundation in JavaScript and a keen eye for design, I ensure pixel-perfect UI, and I also build high-quality websites using Webflow. I work with Node.js and Express to build reliable and scalable backend systems.

📁 EXPERIENCE

Frontend Developer, Themefisher

03/2025 – Present

Frontend Intern, Themefisher

12/2024 – 02/2025
